

Jeffrey Ling,

President and Founder of Flock Fighters USA, has an extensive background with pesticide usage in the horticultural arena. As a registered consulting arborist, he was concerned with the numbers of nuisance birds that he dealt with on a daily basis. This problem motivated him to become involved in the field of bird aversion. Since 1998, Jeff has been involved in the application of MA products and in the development of new technologies that will involve MA aerosols in new utilizations.

Victoria Ling,

CFO and Co-Founder of Flock Fighters USA, performs all necessary office functions and is dedicated to providing excellent customer assistance and support. She occasionally works in the field as well, applying MA products and controlling nuisance birds.

Flock Fighters USA takes seriously our personal connection with our clients. We are proud when our assistance results in their satisfaction: each client's success is our own, as well.

As experienced applicators, we are able to assist with any problems that may occur along the way. We are dedicated to the success of our clients, and we therefore provide all the necessary support in the expulsion of your nuisance birds.

We would be happy to discuss with you the requirements of your site. Please feel free to contact us with any questions you may have.

MEET

FLOCK FIGHTERS
USA

FLOCK FIGHTERS USA is the Nation's Leader in Chemical Bird Aversion.

Offering everything you need
for effective bird control:

SUPPORT

- ≡ Consultation
- ≡ Site and problem analysis
- ≡ Action plan and procedural formulation
- ≡ Post application assessment

SUPPLIES

- ≡ The right equipment required
- ≡ The chemical needed for the job

SERVICES

- ≡ Turnkey operations and services by professional applicators - On your site at the right time

SYSTEMS

- ≡ Control any size of site and any amount of space
- ≡ Automatic controls engineered to operate in any environment for permanent bird expulsion.

FLOCK FIGHTERS USA is experienced in the application of all Methyl Anthralinate (MA) products: we have expelled more birds than any other applicator. We also supply more product and equipment than any other supplier.

FLOCK FIGHTERS USA recognizes that each site is unique in need: by geography, by climate, by function, and by numbers and species of birds. We administer technologies and procedures to match the requirements of each site and species of birds.

FLOCK FIGHTERS USA will implement a system specifically designed for the requirements of your site. If you would like to engineer your own system, we will provide you with the training and support necessary to help you expel your nuisance birds.

FLOCK FIGHTERS USA continues to lead the way in aerosol bird aversion through the development and utilization of new technologies.
