

November, 2009

Greetings,

Thank you for stopping by our booth at the 2009 NSC Convention and discussing solutions for controlling nuisance birds. All sites, no matter how unique, share the many realities nuisance birds bring:

- **The costs of manure cleanup**
- **The costs of contaminated materials**
- **The costs of equipment repair**
- **The costs for safety, health and hygiene exposure and accidents**
- **The costs of polluted products**
- **The costs of disgruntled employees who hesitate to work in soiled areas**
- **The costs of ineffective bird control!**

Since 1998, Flock Fighters USA has provided the consulting, services and supplies for bird control for many different companies in America, below are just a few of our clients:

**AEP; FPL; LCRA, (Lower Colorado River Authority, TX); PG&E,
Airborne Express; Executive Jet, Lee Co. Int'l Airport, Ft. Myers, FL; American Airlines; United
Airlines; Wright -Patterson AFB, USAF;
GE Transportation; GE Plastics; GM; Hess Oil; Shell Oil, Tosco Refining; Valeo Engine Cooling;
Yellow Freight; Con-way Freight; Columbia Gas; El Paso Gas;
Indiana War Memorial; Indiana Chamber of Commerce;
City of Fort Wayne, IN; City of Chattanooga, TN; City of St. Joseph, MI**

Flock Fighters USA leads the way in scientific bird control. Our reputation is built on the utilization of any and all products proven in the field: no toys, trinket, or snake oils. We have led the way in the development and usage of RejeX-it Fog Force, a proven food grade, avian specific aerosol repellent.

RejeX-it Fog Force® aerosols evacuate any bird species from target features, without risk, each time it is used. Multiple introductions "teach" the birds the site is painful and they choose another location. There is no risk to structures, architectural features, metal surfaces or landscaping and there is no change in operations, any limits or reentry restrictions.

Please check out our web site, www.flockfighters.com. There is much information for you to learn more about the issues and solutions in nuisance bird management. Click on "Resources" page to download or forward the NSC packet.

Please contact me personally, with your questions.

Regards,
Jeffrey Ling
President
